About Us

XMEC is the abbreviation for exMECians, the Alumni Association of Model Engineering College, Thrikkakara, Kochi. XMEC is an autonomous body representing eight hundred or more engineers who have earned their degrees in Model Engineering College. It binds together MECians who are spread out in institutions and industries around the globe. The backbone of XMEC is the relentless support and cooperation of all exMECians who live in India and abroad and who are proud to announce "MEC made me what I'm today".

The alumni of Model Engineering College have always had fond memories of the life in MEC. The alumni proudly accept the reality that today exMECians are associated with virtually every conceivable technology that will drive tomorrow's world, as Software Programmers, System Analysts, Web developers, ASIC Designers, Hardware Engineers, Research Scientists, Biomedical Engineers, Business Executives, Technical & Business Managers and Academicians.
